Principal

Valerie Reed
Alisha Torres
Assistant Principals

How can you help your students' success?

During this health emergency, please have your students log on to their Canvas pages and work on their distance learning assignments daily. Students access their [Canvas page](#) through [Clever](#). If they are not sure how to do this, visit the Yellow Banner announcement at the top of the home page (<http://icms.newtoncountyschools.org>) to access the directions.

Keeping an academic schedule/routine will help students work on their assignments and also help them ease back into class when we eventually return to school. Following their traditional daily schedule/routine below would be best. Also, not all assignments must be completed online immediately. They can do the work and then upload at a later time.

Please be sure, only if your students have previously used Proximity Learning, that they login to their Math class at the appropriate time or view the recorded class once it is posted.

6th grade

1 st period	9:05 – 10:05 Silent reading of a book of their choice
